Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I can't even begin to emphasize enough how much these natural hormones which my OB-GYN was able to prescribe to me, when I was unable to take synthetic hormones, has made a tremendous improvement & turn-a-round in my menopausal symptoms, & my OB-GYN (who by the way is a woman) was able to prescribe these for me through Madison Pharmacy. If not for this I was not able to work, sleep, had depression so bad on synthetic hormones & I refuse to take them & I'm so grateful for a pharmacy like Madison who specifically caters to the special needs of women.
